ABE SENSEI AND THE JSKA

ABE Keigo Sensei, 9th Dan, founded the Japan Shotokan Karate Association in Japan on the 10th February 1999. ABE Sensei was born on the 28th October 1938 in Ehime prefecture on Shikoku Island, in the East of Japan, and entered the Japan Engineering University of Tokyo in 1956. He began training in 1958, he started training under NAKAYAMA Masatoshi Sensei who was to become his grand master. ABE Sensei has trained basically every day in Nakayama Sensei's Dojo for nearly 30 years, and has now more than 50 years of consistent training. ABE Sensei became gradually one of the seniors students around Nakayama Sensei, and in 1985 was appointed Director of Qualifications and from 1990 until his retirement on 31st January 1999, Technical Director. ABE Sensei has without any doubt certainly contributed to the development of Shotokan Karate techniques and the training of many students at home and abroad. ABE Sensei has traveled extensively all over the world, in particular as member or head of delegations appointed by Karate organizations and or the Japanese government.

ABE Sensei also had the great honor, at the opportunity of a Japan National Karate Championship, to be included in the panel of referees chosen to judge in the presence of Emperor of Japan and later on the same day to perform a Kata in front of the Emperor. ABE Sensei is also an official instructor with the Japanese Ministry of Education, Culture and Sports, a national instructor and referee with the Japan Karate Federation, and an international referee with the WKF/WUKO. When approached by Hollywood, Nakayama Sensei delegated ABE Sensei as fight consultant on the making of the James Bond movie "*You Only Live Twice*", an experience which was to remain as one of the many happy memories of ABE Sensei. On the tournament

scene, ABE Sensei took 3rd place in the first National Karate Championship, went to Paris (France) as captain of the Japanese team for the Second World Championship, won 1st place at the International Friendship Tournament in 1973, and 1st place again in both Second and Third National Karate Championship. ABE Sensei has also edited the original rules for Ippon Shobu competitions and contributed to preserve the Budo spirit in tournament through the concept of "*one decisive technique*." ABE Sensei has proven his great understanding of Karate from its historical and philosophical past through the development of the Shotokan style into what ABE Sensei perceives as the future of Karate:

"I have always thought that competition is one form of practice of Budo and is useful for improving techniques. I feel however that Karate nowadays is mainly centered only on winning competitions and everyone trains towards this end. But this is very far from the true purpose of Karate. I believe that the true purpose of Karate lies in daily training with a goal to develop a strong body in parallel with a strong mind, and furthermore to contribute to society in general. The Karate-Do we practice has for essential purpose to attain a correct control of body and mind".

ABE Sensei established the JSKA to realize what he himself sees as the true Karate purpose.

THE JSKA PHILOSOPHY IS TO:

- Learn self-defense as a Martial Art;
- Improve technique as physical exercise;
- Enjoy Karate practice as a means for developing a healthy body and mind.

**TO ALL MEMBER FEDERATIONS AND FRIENDS OF THE
JAPAN SHOTOKAN KARATE ASSOCIATION**

The *JSKA-Portugal* have the pleasure in inviting you on behalf of *Abe Keigo sensei* and the *JSKA Shihankai*, to the 5th *JSKA World Open Championship 2010*, to be held in Portugal, city of Portimão at the famous Portimão-Arena. You will have the opportunity of participating

in the several events that the Championship offers you and at the same time to have the pleasure and to enjoy the beauty of the city of Portimão-Algarve which climate and beaches of Mediterranean influence makes the Algarve the destiny of excellence.

PRAIA DO ALEM (ALEM BEACH)

Sand and water invite to endless fun. Calm turquoise waters. Ochre cliffs and rocks sculpted into fantastical shapes. Such is the natural beauty of Praia da Rocha, a place that inspires visitors today as it has always done. Discovered by tourism at the end of the 19th century, it was for decades the favored resort of well-to-do families from Portimão, the Algarve. Praia da Rocha began to draw an increasingly international clientele and these days it is a cosmopolitan tourism centre and a byword throughout Europe for sun, sea and sand.

THE SUN LOVERS

True paradise for those who love a day at the beach, Portimão offers a huge variety of different kinds of beaches, all of them with white, fine sands, transparent and calm seas and plenty of hours of sunshine. The only difficulty you'll find is to choose from the miles long shores of Alvor, the small hidden coves, the calm family beaches or the extreme beauty of the recently renovated Praia da Rocha, an international beach resort during the day, and the centre of night life when the day ends.

Blue Flag beaches
Beaches with easy access

PASSIONATE ABOUT LIFE

Those who love life's pleasures find in Portimão the exact combination of everything that's really special in the world. It all starts at the table, where a rich and varied gastronomy offers you the councils specialty – grilled sardines – and a great variety of other fish and seafood, all with the fresh taste of the salty waters of the Atlantic. From expert hands and centuries old traditions, come the most delicious regional sweets and desserts, and the refined liquors.

After a great meal, the crowded streets, with great shops, street theatre and music, traditional fairs and festivals, popular, folk, jazz, classical or international music, fireworks, sound and light shows, big international shows, dance, photography, painting and the nightlife ... the longest, funniest, most sophisticated and glamorous nights take place in Portimão and are waiting for your visit.
