

# 6th European University Karate Championship

19-21 July, 2013

Budapest, Hungary

Sport Hall Budaörs

## WELCOME

Dear participants - athletes, officials, partners and guests,

It is with great pleasure to welcome you on behalf of the European University Sports Association (EUSA) on the occasion of the 6th European Universities Karate Championship here in Budapest.

I would like to thank you for your interest and commitment to take part in our Championship, which has already attracted substantial interest from several European universities which will be participating. I would also like to recognise the work the Organising Committee has done regarding the organisation of this important event.

The history of the European Universities Championships goes back to 2001 when the first events were organised. In 2012 the 1st European Universities Games were successfully held in Cordoba, signalling the new era of alternating European Universities Championships and European Universities Games.

Success of the event depends on you – the participants, and the work and devotion of the Organising Committees and local Authorities which together with EUSA representatives and delegates make the Championship an unforgettable experience.

Our activities go well beyond just sports competitions and are only possible due to the immense level of support and encouragement we receive from our National University Sport Associations, participation of University teams across Europe and involvement of EUSA staff and representatives. I also have to acknowledge the continuous support of our partners, especially cooperation with International University Sports Federation (FISU) and also other partner organisations.

I am certain that the athletes taking part in this event will enjoy the Championship and that they will compete for their best results in a friendly and encouraging atmosphere, at the same time making new friends and experiencing new cultures.

May the competitions be governed by fair play and reflect the true spirit of university sport and best of luck to everyone!

Welcome to the EUC Karate 2013!

Mr Adam Roczek, EUSA President

“A society that has healthy and athletic intellectuals  
is healthier and more successful.”

On behalf of the Hungarian University Sports Federation it is a great pleasure for me to greet and welcome warmly all sportsmen, sports leaders and fans, in short everybody, who is interested in the 5th Karate European Universities Championship organized in Budapest, Hungary!

It is well-known that cultivating sport has many positive effects. Among those benefits the most important ones are the roles, which it plays in healthcare and education. The simplest and unquestioned reason for supporting sports is that the human being is created for physical movement by the evolution itself. Our body needs regular physical use in order to avoid effects, which lead to negative developments both in individuals and in the society. - Of course, there are a lot of sports that one can choose and many of them are really excellent. But for me Karate belongs surely to the most attractive ones: the elegance of movements, the excitement of the personal struggle, the pleasure of hard and fair competition touch and satisfy our very deep expectations in connection with sport!

The most successful segment of Hungarian university sports has traditionally been hosting and participating in international events. The most significant elements of these traditions are the organizations of the VIth World University Games in 1935 and of the IVth Summer Universiade in 1965. The importance of international university sports for our country is also demonstrated by the fact that already 10 World University Championships were hosted by this country.

On the European level, this is the first time that Hungary hosts a European Universities Championship. We start with the 5th Karate EUC and we should like to professionally organize the event, with high level and exciting competitions, with many participants and spectators! I wish you successful and fair competitions! I hope that you all will have good time in Hungary and after the Championship you will leave the country with unforgettable memories and new lifelong sport-friendships!

Prof. Dr. Ádám KISS

President

Hungarian University Sports Federation

Dear honoured guests, athletes and friends of karate,

I would like to invite you and Your University in the name of the Hungarian Karate Federation to participate in the 5th Karate European Universities Championship to be held in Budapest, Hungary.

In this year the Hungarian Karate is celebrating its 40<sup>th</sup> year and it is a great pleasure to introduce my country at this anniversary. We open gladly the next decade with such a glorious event like one of the most important tournament of Europe.

You will come to know the Hungarian hospitality and you will feel it on the short spending time or on a longer staying. I hope you could be here not only for the Championships and you can draw in the atmosphere of this beautiful capital.

People in the world say that Budapest is the city of baths, we have wonderful sights from the Medieval Age until the fertile 20<sup>th</sup> century. You will find the best possibility by your interest in the active rest, in the arts or even discovering the famous Hungarian gastronomy by walking on the historical paths.

Enjoy our modern capital and country that hold their traditions from 1100 years.

Welcome to Hungary and Budapest!

JÁNOS MÉSZÁROS

President of the Hungarian Karate Federation

## INTRODUCTION OF HUNGARY

The Republic of Hungary is situated in Central Eastern Europe. The country covers an area of 93,036 km<sup>2</sup> and it has roughly 10 million inhabitants, who speak a unique language which is not used anywhere else in the world. In the year 2000 the nation celebrated the thousandth anniversary of the foundation of the Hungarian State. Since the reign of state-founder King Saint Stephan, Hungary has gone through golden ages as well as repeated trials, but has survived despite its stormy history. Today, Hungary, a member of the EU is one of the most popular destinations of visitors who wish to encounter this beautiful country with natural, historical, cultural and gastronomic attractions.

Hungary is a country rich in culture and history, its towns and cities virtually living, breathing works of art, its people quintessentially European - intellectual, hard working and hospitable. A small country, brimming with culture and natural beauty, Hungary is endowed with two-thousand-year-old Roman remains, four-hundred-year-old Turkish period monuments, beautiful Romanesque churches, examples of neo-Gothic and Art Nouveau architecture and imposing castles.

Lovers of nature and the great outdoors will relish exploring Europe's largest freshwater lake, Lake Balaton, or the many conservation areas, each concealing a wonderful protected world. Outdoor activities such as horse riding and water related pursuits are popular here. The country has one of the finest folk traditions in Europe, producing excellent examples of embroidery, pottery, murals and objects carved from wood or bone. Its musical contributions are just as rich and range from the rhapsodies of Franz Liszt and the operas of Ferenc Erkel to gypsy and folk music. Hungary is also popular with visitors seeking rest and rejuvenation. Here there is a wealth of natural healing spring waters with spa facilities for visitors to choose from. It is a country of diversity, full of sights and experiences that will impress astonish and above all please its visitors.

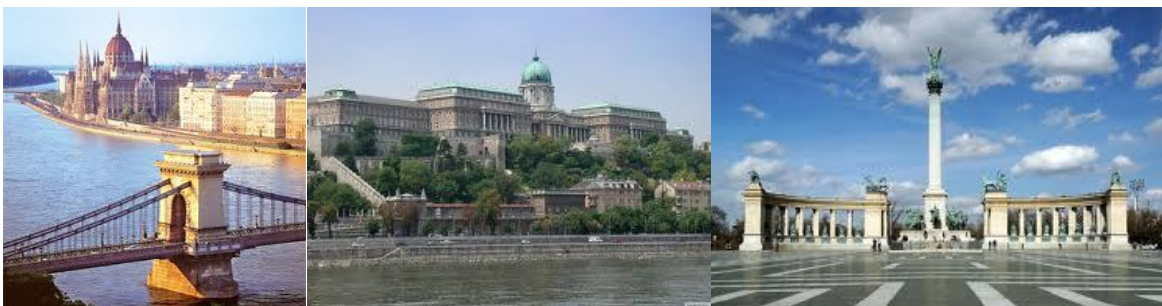

## INTRODUCTION OF BUDAPEST

The capital of Hungary, known as the "Pearl of the Danube", is undoubtedly one of the most beautifully located cities in the world. The river Danube runs through the middle of the metropolis of two million, dividing hilly Buda with its narrow cobbled streets and mixture of medieval and neo-classical buildings from the Pest plain with its wide avenues and boulevards. Because of the picturesque panorama offered by the river and its bridges, the Parliament, the imposing Royal Castle, Fishermen's Bastion and the impressive Danube Embankment, UNESCO placed this site on the World Heritage list.

The guests will find side by side the remains of fortresses and buildings from Roman times, still operating Turkish baths, Gothic and Baroque buildings, and the incredibly rich Art Novae architectural heritage. There is no other capital city in the world with close to 100 thermal springs and 12 medicinal baths within its boundaries, where 19 million gallons of thermal water rise to the surface every day.

It is a city where the pleasing harmony of different architectural styles and superb structures, the cafés, gastronomy and culture are combined with legendary hospitality and blend into an unforgettable experience for visitors.

## HOW TO GET TO HUNGARY

Hungary lies at the crossroads of the main tourist traffic flows in Europe. About 70 airline companies operate regular flights to and from Budapest (Liszt Ferenc (Ferihegy) International Airport). Railway connections from all European countries are excellent, while there are also bus and boat connections with countries in the vicinity of Hungary. Budapest can be reached by car on motorways M1, M3, M5 and M7.

## BUDAPEST AIRPORT

Budapest Liszt Ferenc International Airport was opened in 1950. It was though only given the name Budapest Liszt Ferenc Airport in 2011, and until then it was titled Budapest Ferihegy International Airport. The first terminal which was built back in 1950 was reopened in 2005, and has since then worked as the airport for the budget airlines flying to Budapest. Among the airlines flying to Budapest Airport Terminal 1 you can find RyanAir, Easyjet, Norwegian, WizzAir, Germanwings and Jet2.

Budapest Airport Terminal 2A was opened in 1985 and later in 1998 Budapest Airport Terminal 2B was added to the construction. Terminal 2A and 2B are the terminals where the more “expensive” companies fly, for example Lufthansa, SAS, Delta Airlines, Air France and other companies use this airport for their flights.

In 2011 the Sky Court was opened working as a passage between Terminal 2A and Terminal 2B. Here visitors can find shops, restaurants and places to spend time and money before departure. The SkyCourt is only available after check-in, so without a boarding pass you will not be able to enjoy the services within the SkyCourt.

## TRANSFERS

Regular transfer upon arrival and departure from Liszt Ferenc Airport will be organized for the teams. The participating countries have to request this service.

## CURRENCY IN HUNGARY

First of all, Hungary is a member of the European Union, but they have not started with the Euro yet. Many places you can still pay with Euro, but expect to receive forints back. If you do pay with Euros the shops normally give you little for your Euro, so you would do better to go change your Euros, and then go back into the shop and pay with forints.

Forint is the official currency in Hungary. If you want to understand approximately how much money you are using, normally you can calculate it in this way:

1 Euro = 295 Forint ( Rate in January, 2013 )

Money in Hungary ( Coin as well )

## BARGAINING AND GIVING TIPS

It is quite normal in Hungarian to tip in restaurants, but it is also normal to tip guides, hairdressers and taxidivers. It is not normal to bargain as you shop, except from in the Big Market Hall and in open air markets.

## HUNGARIAN LANGUAGE

As a foreigner in Hungary you should not expect to understand too much of the Hungarian language. It is a Uralic language in the Ugric language group, distantly related to Finnish, Estonian and a number of other minority languages. Most people dropping by Hungary learn a couple of words only, while those living here often end up with only a little knowledge, if they do not invest energy and time in learning the language. If you do invest time, the language is not at all impossible, even though it is by some people ranked as the second, third and fourth hardest language in the world!

### Some important Hungarian words:

Yes – igen

No – nem

Cheers – egészségedre (egészedre)

How are you? – hogy vagy? (how are you?)

I am .... – Én ..... vagyok (I am .....)

## PUBLIC TRANSPORT

The public transportation network in Budapest is well developed, and will bring you almost wherever you want to. The same tickets are to be used everywhere, and if you buy one day tickets, three day tickets or similar you can use them on all the vehicles in Budapest. You can also buy a tourist card which will give you free use of the public transportation, free or discounted entry to 60 museums and to several sights, reduced price tickets for cultural and folklore programmes, discounts in restaurants and spas and some other advantages as well. This is only recommended if you plan to visit lots of museums and tourist places.

With the travel cards/passes you can travel unlimited with trams, buses and with the metro inside Budapest. You can also buy single tickets (320 Forint), but it is easy to do some mistake with them, and the controllers like to catch tourists, so be careful in that case.

**Metró2**

## METRO MAP

There are three metro lines in Budapest. The yellow is the oldest one, which in fact is the second oldest subway/metro line in Europe. The red is just renewed, the Blue still looks a little bit out of shape. As you read about different hotels and sights, you will be informed to what stop they are close.

## VISA/ VISUM

Hungary joined the European Union in 2004, so citizens of the EU and EEA member states do not require a visa. The only documentation they require is either their passport or identity card.

### Schengen Agreement

Hungary is a signatory of the Schengen Agreement. Therefore a visa for Hungary entitles you to travel within the whole Schengen area. This way you do not need to apply for a separate visa to enter Schengen Treaty member states. The opposite is true as well: a 'Schengen visa' is valid for entry to Hungary.

### Non EU/EEA citizens

Citizens of Non-EU/EEA countries (those who are required to get a visa) can apply for various types of visas.

#### List of countries whose nationals need visa to Hungary

Albania	Azerbaijan	Belarus	
Georgia	Moldova	Russia	Armenia
Turkey	Ukraine	Turkmenistan	

**Should any visa issues arise, please contact to Hungarian Karate Federation's official agency:**

## SPORT HALL BUDAORS

The heart of the hall is nearly 9 meters high with international standards appropriate playing field (40x20 meters), with a total size of 44x24 meters. together with runways.

The special sport floor of the arena is almost like an air cushion with very good energy dispersing and good abrasion resistance.

The viewing area has a capacity of 1000 with staged seating. In cases where there is no need for the arena an extra 190 seats are available on mobile viewing areas.

In cases of ball games or where it is needed there are special guardian nets available for protecting the viewers.

The information technology system in the hall is capable of following-up current events on the spot and has a precise immediate communication system.

The referees sitting beside the fields can have a direct connection to the scoreboards and the sound systems.

It can give space to many type of sports for trainings and championships. But as for the painted stripes and the sizes the following sport can be played best:

Handball, Basketball, Volleyball, Futsal, Floor ball, Badminton, Rhythmic sport gymnastics
