BOHEMIA OPEN 2014

The BOHEMIA OPEN is held within the activities of the CSKU (Czech Shotokan Karate Union), with the aim to maximally support youth in sports, or more precisely to secure support, create the background and to help with all aspects of organisation etc. for all our members and therefore to assist in their sports growth. The partner of the organisation authorised within the organisation of this event is FIGHT CLUB ČESKÉ BUDĚJOVICE (www.fight-club.cz).

The BOHEMIA OPEN allows all experienced competitors and senior karate practitioners to pass on their art visually as well as personally to younger generations, to support them through participation within their practicing and love of karate, to become their role models and to create turning points that will be inspirational, their driving force and motivation for future periods. **Petr Beníšek** CSKU President of CSKU
